

OUR MISSION

MMBAcademy provides an opportunity for young men and women to learn a trade they can master over time to become a licensed barber and provide a middle to upper middle class standard of living for themselves and their family.

MMBAcademy is for a person with a high school education who wants to learn a profession *without taking on the debt of traditional college.*

Our program prepares people for a profitable career in the grooming industry with unlimited upside potential to earn a decent living.

Once licensed, our graduates will have an opportunity to be placed in one of the Modern Male Barbershops and begin their career soon after graduating.

If you have a strong desire to work toward an exciting & rewarding career, contact us today.

We are enrolling new students EVERY 2 WEEKS!

PROGRAMS

Barber Program

Our Barber Program prepares students for the PA State Board of Barber Licensing Exam. This program focuses on equipping students with fundamental barbering skills. It also teaches the value of high-quality service, etiquette, creativity, and business acumen. Students learn through a combination of theoretical and practical training.

into your profession!**

Barber Crossover Program

The Barber Crossover Program is for individuals who currently have their PA Cosmetology License and would like to further their education and add to their skillset by gaining a PA Barber License.

Through a curriculum of theoretical and practical training, crossover students will be prepared to take and pass the PA State Board of Barber Licensing Exam. Training takes place in a classroom setting and practical training is conducted on our clinic floor, which offers client services to the general public.

Barber Instructor Program

Participants in the Barber Instructor must have a valid PA Barber License.

Our Barber Instructor Program prepares students to take and pass the PA State Board of Barber Instructor Licensing Exam.

Master barbers designed this program to educate licensed barbers on how to instruct others on the theory and art of barbering.
